

Certificate of Appreciation

This certificate is presented to

Dr Michał Krobicki

for sharing his valuable knowledge as a Guest Speaker during the UNIVERSEH Language Café in Krakow which took place on 9th December 2021.

The purpose of the UNIVERSEH Language Cafés is to share knowledge about partner countries and promote multilingualism by allowing international students to listen to lectures given by experts from partner universities and practice one or more official languages of UNIVERSEH partner universities together with other learners and first-language users/native language users of these languages.

Michał Krobicki as the leader of IGCP 710 Project supported by UNESCO presented an insightful talk on the general history of the Mesozoic Tethys Ocean based on the geological structures of the Alpine-Carpathian-Dinaridic-Himalayan realm, entitled: *Pieniny Mountains – the treasure of the Carpathians*.

The lecture helped students who do not pursue programmes in Geological Sciences understand how the continents and oceans have changed and how the evidence of the process can be observed by people who are not specialists in the field.

A handwritten signature in blue ink, appearing to read "Anna Krukiewicz-Gacek".

Anna Krukiewicz-Gacek

Krakow, 10th December 2021
